Your whole event in one system

Invitation design

100+ luxury templates in Arabic and English, or your own design

A QR per guest

An invitation with the guest's name, table and personal entry QR

WhatsApp delivery

Every guest receives the invitation with a personal link

RSVP

Guests confirm or decline and set companions; numbers update live

Video invitation

27 cinematic 3D openings: weddings, engagements, save-the-dates and birthdays

Reminder & thank-you

A reminder with time and location before the event, and a thank-you after

Floor plan

A real-size floor plan; tables or chairs are arranged automatically

Guest check-in

Hosts scan the QR and the guest goes straight to their table

Welcome screen

The guest's name and table appear on a screen at the entrance

Hosts' portal

A private link to follow replies and attendance and add guests

Song requests

Guests request songs and the DJ receives a ranked list

Guestbook

Guests' wishes collected into an elegant keepsake for the hosts

Photo album

A QR on every table — guests upload their photos to one album

VIP guests

An instant alert to the hosts when a VIP arrives

Post-event report

Attendance rate, arrival times and each table's turnout

Event page

A page with a countdown, your story, photos and the location

Event reel

An Instagram-ready video made from the guests' album photos

Book & pay online

Choose a package and pay securely by KNET

Numbered seating

For graduations & conferences: each guest's seat on their invitation, plus reserved zones

Your venue's plan

We upload the venue's original plan and lay out on it to scale

Head table

A rectangular table for the hosts or VIPs in front of the stage

Upload your design

New

From Canva or your designer — we add each guest's name and QR

Honoring & more

New

Honors, retirements, openings, anniversaries... with your own title and ready texts

A welcome screen at the entrance

Every time a host scans a guest's QR, their name and table appear on the screen with the floor plan — so they know where to sit without asking.

New

The Interactive Invitation

An elegant invitation page guests open from a WhatsApp link, with no sign-up and no app. A sealed envelope opens to your song, then every detail of the celebration in one place.

Envelope, wax seal & music

Your choice of envelope colour and a wax seal with your initials; one tap opens it to your song

6 designer themes

Classic black & gold, golden hour, rose garden, ocean, minimal — or your venue in watercolour

Live countdown

Days, hours and minutes to the big day, with separate times for the ceremony and the party

Location & programme

Maps and add-to-calendar in one tap, plus the evening programme, menu and dress code

Gifts (optional)

A WAMD number, IBAN or payment link, shown only if the hosts wish

RSVP & meal choice

Party size, companions' names, meal choice and allergies, with wishes and a reply deadline

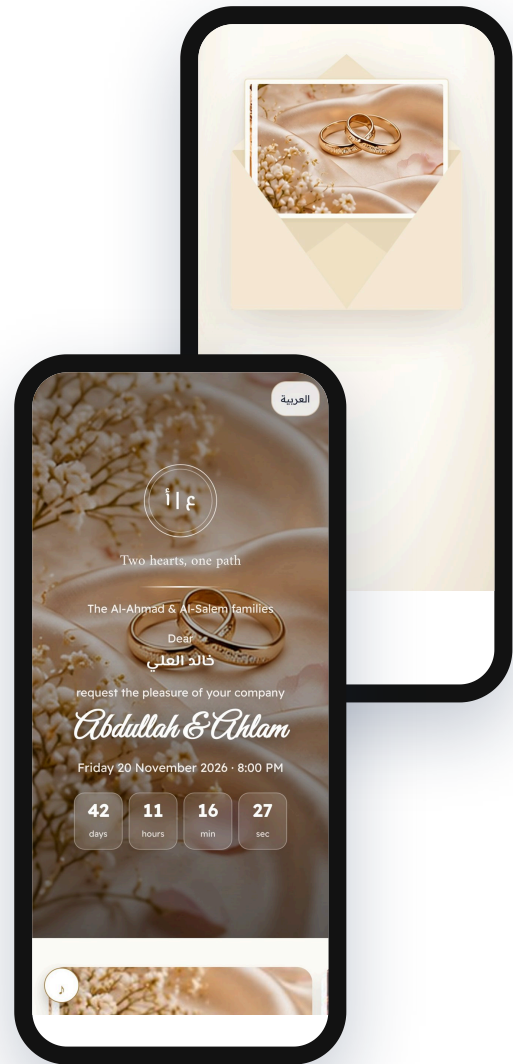

Your photos

Your photo behind your names, inside the envelope and in a sliding gallery, or faceless shots like rings and hands

Arabic & English

Guests switch language in one tap, and the hosts write every text themselves from their portal

What sets us apart: the invitation is connected to your whole event

Once a guest confirms, they instantly receive their entry QR and table number, and the wishes reach the hosts as an elegant keepsake that can be added to the event reel.
