About us

A Kuwaiti company that delivers with its own crew and equipment

Tiger Event was founded in Kuwait in 2019 as a W.L.L. company specialised in organising exhibitions, conferences and events. We work with banks, universities, schools, government bodies, companies and private clients.

The sound, lighting and screens we use belong to the company and are run by our own technical crew. Clients deal with one team from the first site visit to the end of the event, and know in advance who will be in the hall on the day.

Vision and mission

Vision

To be the first partner in Kuwait for any organisation that wants an event planned precisely and delivered to a high technical standard.

Mission

We plan and run every event as if it were our only one: a clear plan before the day, a crew present throughout, and a commitment to time and budget.

Values

Punctuality · Clear pricing · Technical quality · Respect for the client's identity

Conferences and exhibitions

From first registration to the last session

We set up the stage, backdrop, sound and screens, run registration, badges and reception, and stream and record the sessions. For exhibitions we start with a plan of the space and visitor flow before any booth is built.

- ◆ QS Higher Ed Summit
- ◆ HR Development Middle East
- ◆ STEM Racing — The Avenues
- ◆ GAC Motor launch

— Graduations and corporate events

A day that happens once

A minute-by-minute programme and a rehearsal, each graduate's name and photo on screen as they cross the stage, and coverage for families. For companies: open days, award ceremonies and national occasions in the client's identity.

- ◆ Gulf Bank AJYAL Graduation
- ◆ Public Authority for Minors Affairs — Top Achievers
- ◆ NBK Open Day
- ◆ UAS graduations

— Concerts

Sound and lighting at big-stage level

Line-array systems sized to the venue, separate monitor mixes for every musician, stage lighting and LED screens programmed to the show, and stage management between acts.

- ◆ A night of tarab with Marwan Al Shami
- ◆ Wael Jassar concert
- ◆ Maha Ftouni evening
- ◆ Miami Band concert

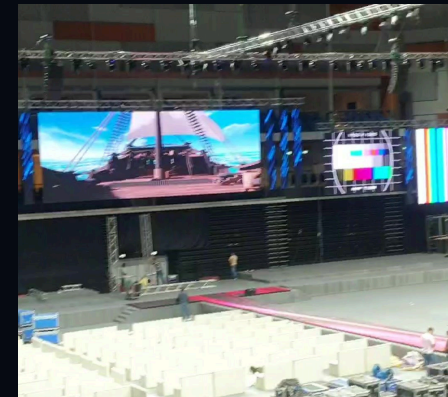

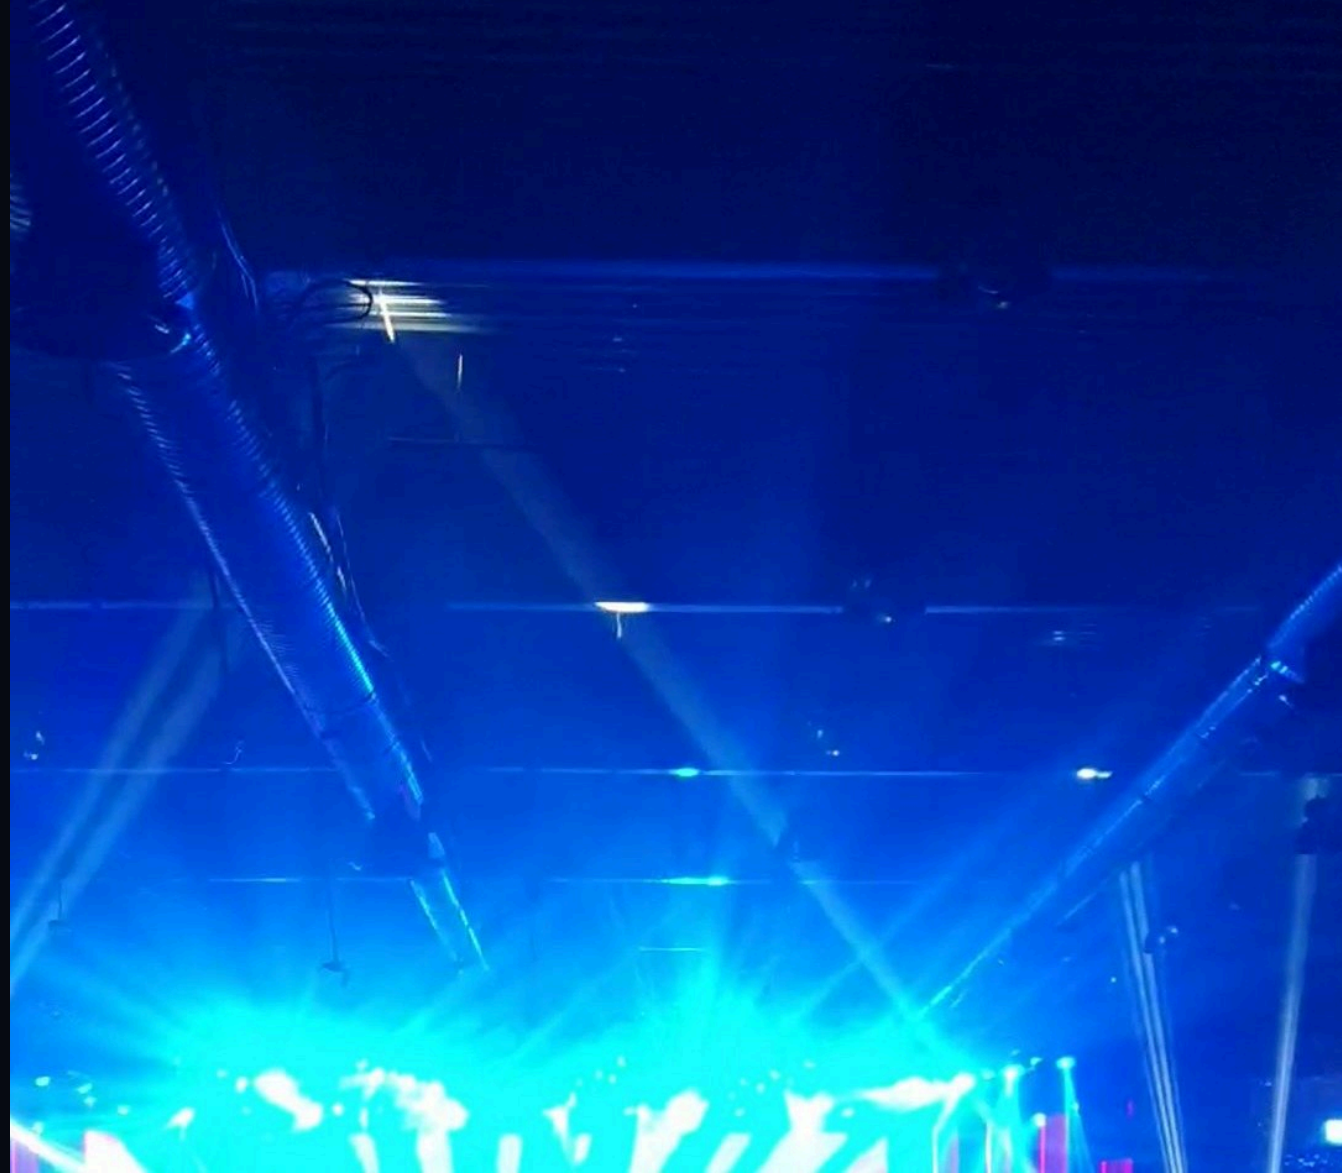

— Technical production

Sound, lighting and screens

We design the speaker layout, calculate the power load and draw the stage plot before setup, and our technicians stay on site for the whole event — from a meeting room to a football stadium.

- ◆ AFC Challenge League — Al Qadsia Stadium
- ◆ Al Sabah Morning Show — TV studio
- ◆ Large-hall concerts
- ◆ Outdoor stages

The big night, planned ahead

We agree a drawn plan of the hall, stage and tables with the couple before the night, and cue lighting, music and smoke together for the entrance. We also run our own smart invitation system:

- ✓ An invitation by name to every guest on WhatsApp
- ✓ Live RSVP and reply tracking
- ✓ Table seating and a table number for every guest
- ✓ Barcode check-in at the door
- ✓ A thank-you message after the event

Hall plan approved before the night
